Dear Dr. Foulkes:

It is with great pleasure that I am writing you this letter. My experience with my Lasik surgery was not only quick, painless and efficient, but one that will give me many years of the kind of vision I haven't experienced for over 30 years.

Your staff has that special way of putting their patients at ease. Dr. Machnicki, Matt, Pat, Gina and Tessa, are the kind of employees that help create the company backbone that make an office run the way yours does. Their testing process for determining eligibility was thorough and done professionally.

Last but not least, that leaves you, Dr. Foulkes. You are the consummate professional. Your personality, attention and explanation to detail before and during my procedure, were an example many doctors could learn from. You not only gave me back quality vision, but a feeling of renewed self-confidence in not having to be burdened with a constant need to grab a pair of glasses to read my daily correspondences.

Thank You Sincerely,

Ross M. Gentile
